We, the management of BRITS BAG MANUFACTURERS are committed to the planning, implementation, maintenance, review and continuous improvement of our food safety and quality management programme, which is based on:

- Government Notice No. R.638;
- Codex Alimentarius.
- R146, Labelling Regulations
- Consumer Protection Act
- GFSI guidelines
- Basic Conditions of Employment Amendment Act
- Trade Metrology Act no 77 of 1973
- R962 Act 54 of 1972 Foodstuffs, cosmetics, and Disinfectants Act
- Reg micro R692
- Health Act 63 of 1997
- VC8087 -2013
- NRCS Regulations
- FSSC 22000 V6 additional requirements

In support of these processes, we will ensure that the necessary training, human and monetary resources are available to consistently deliver excellent quality products, which comply with local and relevant international food safety and quality legislation and meet customer specifications and expectations.

Management will establish and communicate the purpose and direction of the organization and lead by setting an example for staff, suppliers, and customers.

Management will further provide human and financial resources for the implementation, maintenance, and continuous improvement of the food safety and quality management system.

All applicable food safety and quality requirements including statutory and regulatory requirements and mutually agreed customer requirements related to food safety and quality will be adhered to.

The organization is committed to continually ensure that all personnel are competent regarding food safety and will provide the necessary resources to ensure this is maintained to prevent any risks to food safety and quality.

We will ensure that all relevant staff have the required competencies in food safety and quality.

We will involve all people, enabling ownership, accountability, and responsibility. We will continually develop our staff as we recognize their value in our business.

To establish, implement, maintain, and continually improve the food safety and quality management system the management of BRITS BAG MANUFACTURERS recognizes the need to allocate the necessary monetary resources, skills, and personnel.

The food safety and quality policy is communicated through training and is always available on request and is affixed on notice boards ensuring that it is understood and implemented at all levels.

Management considers all activities within the food safety management system before and agree upon measurable food safety and quality objectives that satisfy both product and consumer need as well as statutory and regulatory. These objectives are communicated to all personal involved.
